

# Baird Intern Program

## Dress Guidelines

BAIRD

### Baird Dress Guidelines

As a client facing firm, it is important we dress in a manner that allows clients to perceive us in a professional light. In addition, every day you are making an impression on your Baird colleagues with your personal brand, including how you dress.

### Dress for Your Day

"Dress for Your Day" is Baird's office attire policy, which enables you to make decisions for your workday. That can include a combination of dressy casual, business casual and professional dress attire. On occasion, jeans may be permitted. Please discuss with your manager what the expectations are for your department.

### Baird Conference Center Dress Guidelines

Baird's Conference Centers are utilized for many client meetings and events, as well as internal meetings. In person intern program events in Milwaukee will be held in the Conference Center. Therefore, on days in person intern events are held, interns are required to follow business casual dress guidelines (no jeans permitted).

### Business Casual (No Jeans) Examples
