BAIRD'S SCHOOL ANALYTICS

MAKE SMARTER, MORE INFORMED DECISIONS FOR YOUR DISTRICT

Do you know how your district stacks against other districts? Is your school staffing in line with those with a similar enrollment and economic status? How can you tell if you're spending in areas that really matter?

You could spend days trying to track down and collate all this information – or, with Baird's School Analytics, *you can sort through and identify the data you need within minutes.*

SCHOOL ANALYTICS TOOL

Baird's School Analytics tool lets you filter through financial, staffing and school information throughout Wisconsin, so you can evaluate your district against neighboring ones. Plus our School Analytics tool highlights which factors are most closely tied to increased academic performance in your district, as measured by school report card scores, readiness, "closing the gap" and other metrics.

With consultants conveniently located across the state, we help districts large and small to create strategic solutions that are smart, forward-looking and tailored to your needs.

WHY YOU NEED THIS PROGRAM FOR YOUR SCHOOL
